Dispute Resolution

Dispute resolution has been a core area of practice throughout the development of JunHe. With the expansion of our practice areas and the growing of demands of our clients, JunHe's dispute resolution team has shifted from the provision of traditional civil and commercial litigation and arbitration services to providing a full-range of dispute resolution services, including criminal actions, administrative punishment and administrative litigation, compliance investigations in relation to Multilateral Development Banks (MDBs), FCPA investigations, internal corporate compliance investigations and bankruptcy practice.

Our Team

JunHe's dispute resolution team consists of more than 90 lawyers, including more than 20 partners. All our attorneys graduated from top law schools both at home and abroad and many were ex-judges or recruited from leading litigation firms. Our litigators have extensive experience appearing before courts at various levels and well-known arbitration tribunals and offer clients an in-depth understanding of the Chinese legal system and judicial practice. Some of our partners regularly serve as arbitrators with the world's most prestigious arbitration institutions and have significant experience in international commercial arbitration. Our team includes many lawyers who are qualified to practice concurrently in China as well as in the U.S., Hong Kong and other jurisdictions. The team works in multiple languages including Chinese, English, French and Japanese. We provide clients with high quality dispute resolution services that span borders, languages and industries.

Due to our outstanding performance and word-of-mouth recommendations, our dispute resolution team is consistently recognized by well-known law firm rating agencies (including Chambers Asia-Pacific, Asia Pacific Legal 500, and Asia Law & Practice) as a "Band 1" or "Top-tier Recommendation" law firm in the legal practice of dispute resolution in mainland China.
