Professional Experience

Ryan Choi has long been involved in Hong Kong capital markets, with over a decade of extensive experience in Hong Kong initial public offerings, secondary listings, post-listing compliance, mergers and acquisitions, overseas bond issuances, and other corporate transactions.

Before joining JunHe, Mr. Choi was a partner at Kirkland & Ellis LLP, and he has also worked at the Hong Kong offices of Sidley Austin LLP and Loeb & Loeb LLP.

Mr. Choi has participated in several landmark Hong Kong IPO projects, including **Muyuan Foods** (the world's largest hog farming company), **Shanghai Iluvatar** (a leading company in China's general GPU industry), **ZG Group** (the first company from Mainland China to list in Hong Kong via the De-SPAC model), and **Beijing Airdoc Technology** (one of the first AI-empowered biotech company from mainland China listed in Hong Kong). Other representative transactions include the global offering and listing projects of **Dida Inc.**, **Tanwan Inc.**, **ADICON Holdings**, **Nayuki Holdings**, **Everest Medicines** and **Fosun Tourism Group**; the secondary listing projects of **360 DigiTech** and **Noah Holdings**); as well as the various issuances of USD senior notes, convertible bond issuances and related debt financings by Wynn Macau, Limited. In cross-border mergers and complex transactions, he represented **NetDragon** in the spinning off of its overseas education business for listing on NYSE, which was selected as a "Deal of the Year'" by China Business Law Journal.
