Professional Experience

Ms. Di (Dee) Huang advises clients from different industries in mergers and acquisitions, equity investment and financing, foreign inbound investments, Chinese company outbound investments, and has expertise in a wide range of corporate governance and compliance projects.

Ms. Huang has worked on high-profile transactions such as private equity funds acquiring controlling stakes in listed companies, domestic listed companies making outbound investments and reorganizations. She provides full-spectrum legal services including designing transaction structures, due diligence investigations, and the drafting and negotiation of complicated legal documents.

Ms. Huang has expertise in compliance for central state-owned enterprises (SOEs), local SOEs, and multinational corporations. She has led key projects including compliance evaluations for financial institutions (securities companies, public/private funds), compliance system upgrades for large central SOEs and subsidiaries, and ISO 37301 certification guidance.

Ms. Huang has advised leading companies on legal and compliance matters, including Vanke(A+H), ZTE(A+H), China Merchants Energy Shipping Co., Ltd. (A), Kbank China, Croda China, Biesse China, Walmart China, Webank, HOPU Investment, Softbank Vision Fund, Standard Chartered, Tencent and China Merchants Capital.

Ms. Huang was selected as a Guangdong Provincial Foreign-related Lawyers Emerging Talent (2021) and on the Shenzhen Municipal Foreign-related Lawyers Emerging Talents List (2022).

Education

Ms. Huang graduated from China University of Political Science and Peking University with a Juris Masters in Financial Law. She attended Cornell Law School on an exchange program.

Professional Associations

Ms. Huang is a Member of the All China Bar Association. She holds a Certification of Practicing in the Securities Market, the ISO 37301 Compliance Management System Internal Auditor Certificate, and Corporate Compliance Officer Proficiency Certificate.

Language Skills

Fluent in English and Mandarin
